## EDUCATION

---

### University of Illinois at Urbana-Champaign (UIUC)

Graduated May 2026

*B.S. Geography & GIS, GIS Concentration*

**Minors:** Global Labor Studies; Urban & Regional Planning

## RESEARCH EXPERIENCE

---

### UIUC School of Labor & Employment Relations

Champaign, IL

*Independent Researcher (Faculty-Advised)*

Spring 2026 – May 2026

- Designed a large-scale ArcGIS StoryMap documenting the political economy of the Agricultural Workers Organization (AWO) during its 1915–1917 organizing campaign across the American Midwest.
- Published a novel, comprehensive, keyword-searchable digital archive of IWW *Solidarity* newspapers (1909-1917) for continued labor movement research, derived from microfilms scanned by Steve Rossignol from the University of Washington's IWW History Project.
- Integrated 1910 and 1920 U.S. Census demographic and agriculture data to spatially map labor migration patterns, population distribution, and the political economy conditions shaping early farm worker organizing.

### UIUC Department of Urban & Regional Planning

Champaign-Urbana, IL

*Research Assistant*

December 2023 – June 2024

- Edited GIS datasets in ArcGIS Pro to reflect climate vulnerability and infrastructure response data for the 2022 Pakistan floods, applying QA/QC techniques to ensure spatial accuracy and data integrity.
- Produced ArcGIS StoryMaps and web-based map deliverables to communicate findings to non-specialist audiences, translating complex spatial data into clear, decision-ready reports.
- Collaborated with faculty and international researchers to reconcile conflicting data sources, identify inconsistencies in archival records, and standardize dataset structure across project phases.

## PROFESSIONAL EXPERIENCE

---

### The University YMCA of Illinois at Urbana-Champaign

Champaign, IL

*Resource Development Fellow – Build Team*

August 2025 – July 2026

- Designed structured toolkits and resource guides in Figma and Adobe InDesign, managing version control and iterative updates across a multi-person team.
- Deployed and maintained content through Webflow, coordinating publishing schedules and troubleshooting platform issues to ensure consistent availability.
- Regularly collaborated with staff to provide technical support, photography, and videography for YMCA student and community programming, including pioneering livestream capabilities for Art@theY exhibitions.

### Biltmore Country Club

North Barrington, IL

*Summer Camp Counselor*

May 2022 – August 2023

- Facilitated daily activities and educational programs for a diverse group of campers aged 3-12, ensuring a fun and safe environment
- Communicated regularly with parents and club management about camper progress and camp events, enhancing community engagement and satisfaction
- Managed conflict resolution among campers by employing effective communication and problem-solving skills

## SKILLS

---

**ESRI / GIS:** ArcGIS Pro, ArcGIS Online, ArcGIS Enterprise Portal, ArcGIS StoryMaps, Survey123, QGIS

**Remote Sensing & Analysis:** Google Earth Engine, ENVI 5.3, GeoDa, Spatial Analysis, Remote Sensing

**Programming & Data:** Python, HTML/CSS, JavaScript, Open Data Portals, Census Data, Microsoft Office Suite

**Design & Communication:** Figma, Adobe InDesign, Adobe Illustrator, Adobe Photoshop, Canva, Webflow
